DIGITAL FUTURE”

To be a trusted leader at the intersection of technology, innovation, and business transformation. We aspire to empower organizations by delivering intelligent digital solutions, fostering innovation, and creating sustainable value for our clients, employees, shareholders, and society.

At the heart of our vision is the belief that technology should simplify businesses, accelerate growth, and create meaningful impact. We see digital transformation not merely as the adoption of new technologies, but as a strategic enabler that helps organizations become more agile, resilient, and future-ready.

Rather than simply providing technology services, we aim to become a trusted long-term partner by delivering innovative, secure, and scalable solutions tailored to our clients' evolving business needs. Through continuous innovation, customer-centricity, and operational excellence, we strive to build lasting relationships founded on trust, integrity, and shared success.

We are committed to embracing emerging technologies while maintaining the highest standards of corporate governance, ethical business practices, and professional excellence. Our vision is to contribute to a digitally connected future where innovation drives sustainable growth, empowers businesses, and creates long-term value for every stakeholder.

CHAIRMAN'S LETTER

Dear Shareholders,

I hope this message finds you in good health and high spirits.

As I reflect on the financial year 2025–26, I am pleased to present the Annual Report of OptiValue Tek Consulting Limited. During the year under review, the Company continued to strengthen its position in the Information Technology consulting and digital services sector by focusing on innovation, customer satisfaction, operational excellence, and sustainable business growth.

The increasing adoption of digital technologies, cloud computing, automation, artificial intelligence, and data-driven business solutions has created significant opportunities for the IT industry. Your Company remains committed to delivering high-quality consulting and technology solutions that enable clients to achieve operational efficiency and accelerate their digital transformation journey.

1. Financial Performance

The Company maintained stable business operations during the year while continuing to focus on disciplined financial management, efficient execution of projects, and strengthening customer relationships. The performance achieved during the year reflects the commitment of our employees, the confidence of our customers, and the continued support of our shareholders.

2. Listing Milestone

A significant milestone during the year was the successful listing of the equity shares of OptiValue Tek Consulting Limited on the NSE EMERGE Platform on 10 September 2025. The listing marked the Company's transition into a publicly listed entity and reflected the confidence of investors in its business model, management, and future growth prospects.

The successful public issue has further strengthened the Company's capital base, enhanced its corporate visibility, and reinforced its commitment towards transparency, good corporate governance, and value creation for all stakeholders. As a listed company, OptiValue Tek Consulting Limited remains committed to maintaining the highest standards of compliance, ethical business practices, and timely disclosures in accordance with the applicable regulatory requirements.

3. Strategic Focus

The Company continues to focus on:

- Strengthening its IT consulting and technology service offerings.
- Expanding its presence across domestic and international markets.
- Enhancing operational efficiency through digital processes and automation.
- Investing in skilled talent and continuous learning.
- Maintaining high standards of corporate governance and regulatory compliance.

4. Outlook

The outlook for the IT consulting industry remains positive with increasing investments in digital transformation, cloud adoption, cybersecurity, automation, and artificial intelligence. The Company is well-positioned to capitalize on these opportunities by leveraging its technical expertise, customer-centric approach, and commitment to quality service delivery.

Looking Ahead

As we move into the next financial year, our focus will remain on sustainable growth, operational excellence, innovation, and long-term value creation for all stakeholders. With the continued support of our customers, employees, shareholders, and business partners, I am confident that OptiValue Tek Consulting Limited will continue to achieve new milestones.

On behalf of the Board of Directors, I extend my sincere gratitude to our shareholders, customers, employees, bankers, business associates, and all stakeholders for their continued trust and confidence.

Thank you for being an integral part of our journey.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

The Board of Directors of the Company, by way of a Circular Resolution passed on 21st day of July, 2026 under Section 175 of the Companies Act, 2013, approved the proposal for alteration of Clause III(A) (Main Objects) of the Memorandum of Association of the Company, subject to the approval of the Members.

The proposed alteration will enable the Company to diversify and expand its business operations into the defence and homeland security drone technologies sector by undertaking activities relating to the manufacture, development, integration and supply of defence and homeland security drones, counter-drone systems, autonomous systems, surveillance technologies and allied defence solutions. It will also enable the Company to undertake projects and contracts with Government departments, defence establishments, public sector undertakings, private entities and international customers, subject to obtaining necessary statutory approvals, licences and permissions wherever required.

The proposed alteration is expected to provide the Company with greater operational flexibility and facilitate expansion into emerging technology-driven sectors, thereby enhancing long-term business opportunities and value creation for the stakeholders of the Company.

A copy of the existing Memorandum of Association together with the proposed alterations shall be available for inspection by the Members in electronic mode during business hours on all working days up to the date of the Annual General Meeting and shall also be available during the AGM through electronic mode.

In terms of Sections 4 and 13 of the Companies Act, 2013, alteration of the Memorandum of Association requires the approval of the Members by way of a Special Resolution.

None of the Directors, Key Managerial Personnel of the Company or their relatives are, in any way, concerned or interested, financially or otherwise, in the proposed Resolution except to the extent of their respective shareholding, if any, in the Company.

The Board recommends the Special Resolution set out at Item No. 3 of the Notice for approval of the Members.

NOTES:

1. In view of the continuing relaxation granted by the Ministry of Corporate Affairs (“MCA”) and applicable provisions of the Companies Act, 2013 read with the Rules made thereunder and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”), the 15th Annual General Meeting (“AGM”) of the Company is being conducted through Video Conferencing (“VC”)/ Other Audio Visual Means (“OAVM”) facility without the physical presence of the Members at a common venue.
2. Pursuant to the MCA Circulars and SEBI Circulars issued from time to time, the Notice of the AGM along with the Annual Report for the Financial Year 2025-26 is being sent only through electronic mode to those Members whose e-mail addresses are registered with the Company/ Depositories. The same shall also be available on the website of the Company and on the website of the Stock Exchange(s), where the equity shares of the Company are listed.
3. Pursuant to the provisions of the Companies Act, 2013, a member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf. Since this AGM is being held through VC/OAVM pursuant to the MCA Circulars, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
4. Corporate Members intending to authorize their representatives to attend the AGM pursuant to Section 113 of the Companies Act, 2013 are requested to send a certified copy of the Board Resolution/Authorization Letter authorizing their representative to attend and vote on their behalf at the AGM through VC/OAVM, by e-mail to the Company at cs@optivaluetek.com.
5. The Members attending the AGM through VC/OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.
6. The Company has provided the facility to the Members to exercise their right to vote by electronic means through remote e-voting as well as e-voting during the AGM. The detailed procedure for remote e-voting and e-voting during the AGM is provided separately in the Notice.
7. The remote e-voting facility shall commence on **17th August, 2026 at 04:30 P.M.** and shall end on **19th August, 2026 at 05:00 P.M.** During this period, Members holding shares either in physical form or in dematerialized form as on the **cut-off date i.e. 13th August, 2026**, may cast their vote electronically. The remote e-voting module shall thereafter be disabled by the e-voting agency.
8. Members whose names appear in the Register of Members/ List of Beneficial Owners as on the **cut-off date i.e. 13th August, 2026** shall be entitled to vote on the resolutions set forth in this Notice.
9. Members are requested to register/update their e-mail addresses and mobile numbers with their respective Depository Participants (“DPs”) in case shares are held in dematerialized form and with the Company/Registrar and Share Transfer Agent (“RTA”) in case shares are held in physical form.
10. Members may join the AGM through VC/OAVM facility using the credentials provided separately. Members are requested to join the meeting at least 15 minutes before the scheduled time of commencement of the AGM i.e., **4:00 P.M.**, to avoid any technical issues.
11. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Companies Act, 2013, the Register of Contracts or Arrangements in which Directors are interested maintained under Section 189 of the Companies Act, 2013 and all other documents referred to in the Notice shall be available electronically for inspection by the Members during the AGM.
12. Members seeking any information with regard to the Annual Financial Statements or any matter to be placed at the AGM are requested to write to the Company at cs@optivaluetek.com at least 7 days before the date of the AGM so as to enable the management to keep the information ready at the AGM.

13. Pursuant to Regulation 44 of the SEBI Listing Regulations and Section 108 of the Companies Act, 2013 read with the applicable Rules, the Company has appointed Mr. Sandeep Kumar, Practicing Company Secretary, as the Scrutinizer for conducting the remote e-voting and e-voting process during the AGM in a fair and transparent manner.
14. Since the AGM is being conducted through VC/OAVM facility, the Route Map is not annexed to this Notice.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Industry Structure and Developments

OptiValue Tek Consulting Limited operates in the Information Technology ("IT") Consulting and Services industry, which continues to witness robust growth driven by increasing digital transformation initiatives across industries. Businesses are increasingly adopting cloud computing, artificial intelligence (AI), data analytics, cybersecurity solutions, automation, and enterprise digital platforms to enhance operational efficiency and customer experience.

India continues to strengthen its position as a global technology hub, supported by a highly skilled workforce, digital infrastructure, and favorable government initiatives promoting digital innovation. The growing demand for technology-enabled business solutions presents significant opportunities for IT consulting companies to expand their service offerings and strengthen their market presence.

Opportunities and Threats

Opportunities

The increasing adoption of digital transformation, cloud migration, artificial intelligence, automation, and cybersecurity solutions across industries continues to create significant opportunities for the Company. Growing investments in digital infrastructure, increasing demand for IT consulting services, and the rapid evolution of emerging technologies provide a strong foundation for sustainable business growth. The Company remains focused on strengthening customer relationships, expanding its service portfolio, and leveraging technology-driven solutions to enhance long-term value creation.

Threats

The Company operates in a highly competitive industry characterized by rapid technological advancements and evolving customer expectations. Key challenges include intense market competition, pricing pressure, cybersecurity risks, changing regulatory requirements, and the continuous need to attract and retain skilled professionals. The Company continues to mitigate these risks through continuous innovation, employee development, robust information security practices, and effective risk management processes.

Segment-wise Performance

The Company operates in a single business segment, namely **IT Consulting Services**. During the financial year under review, the Company continued to focus on delivering technology consulting, digital transformation solutions, implementation support, and related advisory services. Continuous emphasis on service quality, timely execution of assignments, and customer satisfaction enabled the Company to maintain stable business operations throughout the year.

Outlook

The outlook for the IT consulting industry remains positive, supported by increasing investments in digital technologies, cloud adoption, artificial intelligence, cybersecurity, and enterprise automation. The Company expects continued demand for technology consulting and digital transformation services across various industry sectors. With its experienced management team, customer-centric approach, and commitment to quality, the Company is well-positioned to capitalize on future growth opportunities.

Risks and Concerns

The Company has established an appropriate risk management framework to identify, assess, monitor, and mitigate various business risks. Major risks include technology obsolescence, cybersecurity threats, competition, talent acquisition and retention, regulatory changes, and economic uncertainties. The Board of Directors periodically reviews the Company's risk management practices to ensure effective mitigation measures and business continuity.

Internal Control Systems and their Adequacy

The Company has an adequate system of internal financial controls commensurate with the size, scale, and nature of its business. These controls are designed to ensure the safeguarding of assets, accuracy and reliability of financial reporting, compliance with applicable laws and regulations, efficient business operations, and prevention of fraud. The Internal Auditor regularly reviews the effectiveness of internal control systems, and the Audit Committee periodically evaluates the adequacy of such controls and recommends necessary improvements wherever required.

Discussion on Financial Performance with Respect to Operational Performance

This discussion covers the financial performance and operational developments of the Company during the Financial Year 2025–26. The financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) prescribed under the Companies Act, 2013.

The Company recorded a strong financial performance during the year under review. Revenue from Operations increased to **₹9,073.88 Lakhs** as against **₹5,607.85 Lakhs** in the previous financial year, registering a healthy growth driven by increased business volume, successful execution of client engagements, and expansion of the Company's service portfolio.

Total Income stood at **₹9,222.53 Lakhs** as compared to **₹5,647.37 Lakhs** in the previous year. Profit Before Tax increased to **₹1,772.93 Lakhs** from **₹1,618.94 Lakhs** in the previous financial year. Profit After Tax also improved to **₹1,376.49 Lakhs** as against **₹1,213.90 Lakhs** in FY 2024–25, reflecting improved operational efficiency, prudent cost management, and sustained business growth.

During the financial year, the Company also achieved a significant milestone with the successful completion of its Initial Public Offer (IPO) and the listing of its Equity Shares on the **NSE EMERGE Platform**

of the National Stock Exchange of India Limited. The listing has enhanced the Company's visibility, strengthened its capital base, and positioned it for long-term sustainable growth.

The management remains focused on strengthening customer relationships, expanding service offerings, enhancing operational efficiencies, and delivering sustainable value to all stakeholders.

Human Resources / Industrial Relations

The Company firmly believes that its employees are its most valuable asset. It continues to focus on attracting, developing, and retaining skilled professionals through continuous learning, performance management, and employee engagement initiatives. The Company provides a professional work environment that encourages innovation, teamwork, integrity, and continuous improvement. Industrial relations remained cordial throughout the financial year.

	Crores. The outstanding balance of Rs. 8.15 Crores along with interest were repaid by the related parties subsequent to Balance Sheet date. The advances were given without seeking the prior approval of the board in contradiction of the provisions of Section 185/186 of the Companies Act.	with the related parties in ordinary course of business. Further, the money has been taken back from the related parties with interest subsequent to Balance sheet date.
2.	Revenue from IT manpower services is recognized based on MS Excel-based timesheets, without any system-based controls, resulting in a lack of automated validation and increased risk over the completeness and accuracy of revenue recognition.	Reconciled timesheet data with invoices, acceptance of invoices by the customers and subsequent realization of invoices as audit evidence.
3.	Unbilled Revenue Rs 14.07 Crores	We linked unbilled work with timesheets and analyzed subsequent billing/collection. Also analyzed aging of unbilled revenue as on the balance sheet date and in case of old aged items which are not subsequently billed, obtained reasons for delays and expected timelines for billing of the same.
4.	Outstanding receivable Balances aggregating to Rs. 59.87 Crores appearing under Note No. 4 are subject to confirmation and reconciliation with the respective parties.	We verified that the invoices are included in GST returns and liability to statutory dues has also been recognized. We also considered realization of receivables subsequent to balance sheet date as audit evidence.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and analysis, Directors' report, Corporate Governance Report, Business Responsibility and Sustainability Report and other information included in the Company's Annual report, but does not include the standalone financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditors' report. Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate action as applicable under the relevant laws and regulations.

Management's Responsibility for the Standalone Financial Statements

Responsibilities of the Board of Directors for the financial statements The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's' Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is

higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

Annexure-2 to the Independent Auditors' Report of Optivalue Tek Consulting Limited

Report on the Internal Financial Controls over financial reporting under Section 143(3)(i) of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Optivalue Tek Consulting Limited** ("the Company") as of March 31, 2026, in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls:

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over financial reporting issued by the Institute of Chartered Accountants of India (the ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility:

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal financial controls over financial reporting and the Standards on Auditing, issued by the ICAI deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the Guidance Note that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal

financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatements of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting:

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting:

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion:

In our opinion, the Company has, in all material respects, adequate internal financial controls system over financial reporting were operating effectively as at March 31st 2026, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

OPTIVALUE TEK CONSULTING LIMITED

CIN No. L72200DL2011PLC221539

Note-1: Notes to the Standalone Financial Statements

1.1 General information

Optivalue Tek consulting Limited ("the Company") is a public limited company, incorporated and domiciled in India which mainly deals in softwares. The registered office of the Company is located at 607, 6th Floor, Surya Kiran Building, KG Marg, Connaught Place, New Delhi - 110001.

1.2 Statement of Compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India.

1.3 Basis of preparation of Financial statements

The Financial Statements have been prepared on an accrual basis under historical cost convention except for certain financial assets and liabilities that are measured at fair values.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

- Level 3 inputs are unobservable inputs for the asset or liability.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

1.4 Basis of presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and the Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements.

1.5 Functional and presentation currency

Amounts in these financial statements are presented in Indian rupees, which is the Company's functional currency. All amounts have been rounded to the nearest lakh with two decimals, except for share data and as otherwise stated.

1.6 Operating cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

1.7 Statement of material accounting policies

I) Foreign currencies

Foreign currency transactions

Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Subsequent measurement

At the end of each reporting period, monetary items denominated in foreign currencies are translated at the rates prevailing at that date. Exchange differences on monetary items are recognised in the Statement of Profit and Loss in the period in which they arise.

II) Property, plant and equipment

Items of property, plant and equipment are stated at cost, less accumulated depreciation and impairment losses, if any. Cost comprises

- a) the purchase price including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.,
- b) any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Income and expenses related to the incidental operations, not necessary to bring the item to the location and condition necessary for it to be capable of operating in the manner intended by management, are recognised in Statement of Profit and Loss.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in Statement of Profit and Loss.

Capital work-in-progress in respect of assets which are not ready for their intended use are carried at cost, comprising of direct costs, related incidental expenses and attributable interest if any.

Subsequent expenditure on property, plant and equipment is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to Statement of Profit and Loss during the reporting period in which they are incurred.

OPTIVALUE TEK CONSULTING LIMITED

CIN No. L72200DL2011PLC221539

Note-1: Notes to the Standalone Financial Statements**Depreciation**

Depreciation is provided on original cost of property, plant and equipment on straight line method.

The estimated useful lives which are in line with Schedule II of the Companies Act, 2013 (Act) is set out herein below :-

Plant and Machinery	- 15 years
Factory Buildings	- 30 years
Furniture and Fixture	- 10 years
Office Equipment	- 3-10 years
Computer Hardware	- 3 years
Computer Hardware servers	- 6 years
Vehicles	- 8 years
Trade Licences	- 4 Years

Assets costing less than Rs. 5,000/- are fully depreciated in the year of acquisition.

III) Intangible assets

Intangible assets are recognized, only if it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the assets can be measured reliably. The intangible assets are recorded at cost and are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Computer software is amortized on straight line basis over a period of its estimated useful life of two years.

An intangible asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an intangible asset is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised immediately in the Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss.

IV) Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit and Loss.

Financial Assets held at amortised cost

Financial assets that have contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding and that are held within a business model whose objective is to hold such assets in order to collect such contractual cash flows are classified in this category. Subsequently, these are measured at amortized cost using the effective interest method less any impairment losses.

These include trade receivables, balances with banks, short-term deposits with banks and other financial assets.

Equity investment

Investment in equity instruments issued by subsidiary are measured at cost less impairment.

Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received is recognised in the Statement of Profit and Loss.

Impairment of financial assets

Financial assets of the Company comprise of trade receivable and other receivables consisting of deposits and bank balance. An impairment loss for trade and other receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables. Impairment losses if any, are recognised in Statement of Profit and Loss for the year.

Financial liabilities

Financial instruments with a contractual obligation to deliver cash or another financial asset is recognised as financial liability by the Company.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held for trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of cost of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

The Company's financial liabilities include trade and other payables.

OPTIVALUE TEK CONSULTING LIMITED

CIN No. L72200DL2011PLC221539

Note-1: Notes to the Standalone Financial Statements**Derecognition**

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is an enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

V) Derivative financial instruments

The Company enters into derivative financial instruments to manage its exposure to foreign exchange rate risks. Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedging relationship and the nature of the hedged item.

VI) Borrowing costs

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the Effective Interest Rate (EIR) applicable to the respective borrowing. Borrowing costs include interest costs measured at EIR and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs net of any investment income from the temporary investment of related borrowings, that are attributable to acquisition or construction of a qualifying asset are capitalized as a part of cost of such asset till the time the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are recognised as an expense in the Statement of Profit and Loss in the year in which they are incurred.

VII) Segment Reporting

Ind AS 108 establishes standards for the way that companies report information about operating segments and related disclosures about products and services, geographic areas, and major customers. Based on the 'management approach' as defined in Ind AS 108, the Chief Operating Decision Maker (CODM) evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

As per CODM evaluation, there is only 1 reportable segments for the Company, in accordance with the requirements of Indian Accounting Standard 108- 'Operating Segments'. The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Company. Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment.

VIII) Inventories

Inventories are carried at lower of cost and net realizable value. Cost is determined by using the First in First Out formula. Costs comprise all cost of purchase, cost of conversion and cost incurred in bringing the inventory to their present location and condition other than those subsequently recoverable by the Company from tax authorities.

Net realisable value represents the estimated selling price less all estimated costs of completion and costs necessary to make the sale. Work in progress and finished goods include appropriate proportion of overheads and, where applicable, taxes or duties.

IX) Cash and cash equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

X) Revenue recognition

The Company derives revenue primarily from the business of providing high skilled IT manpower services.

Revenue is measured based on hourly rate devoted by the resources under a contract.

Revenue is recognised either at a point in time or over time, when (or as) the Company satisfies performance obligations by rendering the services and customer approves the performance.

The Company recognises unearned revenue, if any, based on services rendered/time devoted by a resource as per hourly rate agreed with the customer and reports these amounts as other current asset in the Balance Sheet in those cases where approval from customer is under consideration.

Revenue recognised from business activities mainly include:

i. Sale of products

Revenue from sale of products is recognised (net of estimated volume discounts) at the point in time when the control is transferred to the customer.

ii. Rendering of services

Revenue is recognised either at a point in time or over time, when (or as) the Company satisfies performance obligations by rendering the services and customer approves the performance.

Other income**Dividend and Interest income**

Dividend income is recognised when right to receive payment has been established.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Export Incentives

Export incentives are recognised when no significant uncertainty as to determination or realisation exists.

OPTIVALUE TEK CONSULTING LIMITED

CIN No. L72200DL2011PLC221539

Note-1: Notes to the Standalone Financial Statements**XI) Leases****Company as a Lessee**

The Company assesses, whether the contract is, or contains, a lease. A Contract is, or contains, a lease if the contract involves:

- (a) The use of an identified asset,
- (b) The right to obtain substantially all the economic benefits from use of the identified asset, and
- (c) The right to direct the use of the identified asset.

The Company recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The lease liability include the net present value of the following lease payments:

- Fixed payments (including in-substance fixed payments), less any lease incentives and receivable and
- Payments of penalties for terminating the lease, if the lease term reflects the Company exercising that option.

Lease payment to be made under reasonably certain extension options are also included in the measurement of liability. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, the lease payments are discounted using the lessee's incremental borrowing rate, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability and by reducing the carrying amount to reflect the lease payment made.

The right-of-use assets are measured at cost comprising the amount of the initial measurement of the lease liability, any lease payments made at or before the commencement date of the lease less any lease incentives received any initial direct costs and restoration costs.

The right-of-use assets is measured at cost less accumulated depreciation and accumulated impairment losses, if any. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use assets. If the Company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life.

The Company applies Ind AS 36 to determine whether a right-of use asset is impaired and accounts for any identified impairment loss.

Company as a Lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying asset and recognised as expense over the lease term on the same basis as lease income.

The respective lease assets are included in balance sheet based on their nature.

XII) Retirement and other employee benefits

Compensation to employees for services rendered is measured and accounted for in accordance with Ind AS 19 on Employee Benefits.

Short term employee benefits

Employee Benefits such as salaries, allowances, non-monetary benefits and employee benefits under defined contribution plans such as provident and other funds, which fall due for payment within a period of twelve months after rendering service, are charged as expense to the Statement of Profit and Loss in the period in which the service is rendered.

Defined contribution plans

The Company's contribution to Provident Fund is considered as defined contribution plan and is charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plans

Employee Benefits under defined benefit plans such as Gratuity which fall due for payment after completion of employment are measured by the projected unit credit method, on the basis of actuarial valuations carried out by third party actuaries at each Balance Sheet date. The Company's obligation recognised in the Balance Sheet represents the present value of obligations as reduced by the fair value of plan assets.

Actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest) are recognised immediately in Other Comprehensive Income. Remeasurement recognised in Other Comprehensive Income is reflected immediately in retained earnings and is not reclassified to the Statement of Profit and Loss. Past service cost is recognised in the Statement of Profit and Loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

The retirement benefit obligation recognised in the Balance Sheet represents the actual deficit or surplus on the Company's defined benefit plan. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

When the benefits of the plan are changed or when a plan is curtailed, the resulting change in the benefit that relates to past service or the gain or loss on curtailment is recognised immediately in the Statement of Profit and Loss.

XIII) Taxation

Income tax expenses represents the sum of the current tax and deferred tax.

Current tax

The current tax is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

OPTIVALUE TEK CONSULTING LIMITED

CIN No. L72200DL2011PLC221539

Note-1: Notes to the Standalone Financial Statements**Deferred tax**

Deferred tax is recognised on temporary differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiary, except where the Company is able to control the reversal of temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflect the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

XIV) Provisions, contingent liabilities and contingent assets

A provision is recognized when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the notes to the financial statements. Contingent assets are not recognized in the financial statements.

Further, long term provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as finance cost. A provision for onerous contracts is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognises any impairment loss on the assets associated with that contract.

XV) Use of estimates:

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of relevant facts and circumstances as at the date of the financial statements. Actual results could differ from estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Key source of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of property, plant and equipment.

XVI) Critical accounting judgements and key sources of estimation uncertainty

The preparation of financial statements in conformity with Ind AS requires the Company's Management to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities recognised in the financial statements that are not readily apparent from other sources.

The judgements, estimates and associated assumptions are based on historical experience and other factors including estimation of effects of uncertain future events that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates (accounted on a prospective basis) are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the critical judgements and estimations that have been made by the Management in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements and/or key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Property, plant and equipment :

Determination of the estimated useful lives of tangible assets and the assessment as to which components of the cost may be capitalized. Useful lives of tangible assets are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II, they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support. Assumptions also need to be made, when the Company assesses, whether an asset may be capitalised and which components of the cost of the asset may be capitalised.

NOTE NO 31 Employee Benefits

The group participates in defined contribution and benefit schemes, the assets of which are held (where funded) in separately administered funds.

For defined contribution schemes the amount charged to the statement of profit or loss is the total of contributions payable in the year.

A. Defined contribution plan

The group makes contributions towards provident fund and employee state insurance scheme to a defined contribution retirement benefit plan for qualifying employees. The group's contribution to the Employees Provident Fund and Employees State Insurance scheme is deposited with the Regional Provident Fund Commissioner. Under the scheme, the group is required to contribute a specified percentage of payroll cost to the retirement benefit scheme to fund the benefits.

During the year, the group has recognised INR 18.46 Lacs, INR 5.90 Lacs and INR 3.25 Lacs for Employer's contributions to the Provident Fund and NIL, NIL and INR 0.33 Lacs for Employee State Insurance Scheme contribution in the Statement of Profit and Loss for the year ended March 31, 2026, March 31, 2025 and March 31, 2024 respectively. The contribution payable to the plan by the group is at the rate specified in rules to the scheme.

B. Defined benefit plan - Gratuity plan

The gratuity liability arises on retirement, withdrawal, resignation and death of an employee. The aforesaid liability is calculated on the basis of fifteen days salary (i.e. last drawn basic salary) for each completed year of service subject to completion of five years service.

The company has recognised INR 2.71 lacs, 28.03 lacs and INR 30 Lacs for employee benefit plan to the gratuity for the year ended March 31, 2026, March 31, 2025 and March 31, 2024 respectively. The benefit payable to the plan by the Company is at the rate specified in rules to the scheme. For the year ended on 31st March 2026 and 31st March 2025, the liability has been recognised based on report of the actuarial valuer.

B. Fair value measurements recognised in the statement of financial position:

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).
