

READY FOR THE NEXT MISSION

Advanced FPV Solutions for Defense & Training

Reliable aerial systems designed for training, reconnaissance, inspection, and operational readiness.

- Training & Reconnaissance
- FPV Drone Operations
- Agriculture & Crop Monitoring
- Mapping & Surveying
- Infrastructure Inspection
- Specialized Aerial Applications
- Custom UAV Solutions
- Reliable & High-Performance Systems
- Mission-Ready Technology
- Professional Technical Support

WHY US?

High Performance

Built for speed, agility and precision.

Reliable Systems

Engineered for tough conditions and endurance.

Custom Solutions

Engineered for tough conditions and endurance.

Expert Support & Training

Expert guidance from setup to operation

FPV DRONES FOR DEFENSE

SPEED. PRECISION. READINESS.

High-performance FPV aerial systems for military training, reconnaissance, surveillance, and inspection.

Let's Build Your Next Aerial Mission

OptiValue Tek Consulting Limited

Your Partner in Advanced Aerial Technology for Defense & Security

BUILT TO PERFORM

Professional Drones. Powerful Results.

Engineered for reliability, precision and efficiency across agriculture, FPV and tethered applications.

18-INCH DRONE WITH WIRELESS COMMUNICATION LINKS

Max Flight Speed	60 km/h+
Max Takeoff Weight	22.5 kg
Endurance	20+ minutes
Max Control Distance	30 km
Max Payload	12 kg

FPV 8-ROTOR DRONE

Max Flight Speed	80 km/h
Max Takeoff Weight	18-22 kg
Endurance	10-20 min
Max Control Distance	10 km
Max Flight Distance	15 km
Max Payload	5-10 kg

MINI SUICIDE DRONE

Max Speed	20 m/s (72 km/h)
Max Takeoff Weight	~1.5-2.0 kg
Endurance	15 minutes
Max Control Distance	4 km
Payload	200 g

7-INCH FPV DRONE

Max Flight Speed	30-35 m/s
Max Takeoff Weight	Approx. 3.0 kg
Endurance	Up to 15 min
Max Control Distance	≥5km
Max Flight Distance	≥5km
Max Payload	Up to 1 kg

5-INCH FPV DRONE

Max Flight Speed	140–160 km/h
Max Takeoff Weight	750–850 g
Endurance	3–6 minutes
Max Control Distance	5–10 km
Max Flight Distance	3–5 km
Max Payload	350–450 g

10-INCH FPV DRONE

Max Flight Speed	90–180 km/h
Max Takeoff Weight	7–9 kg
Endurance	15 min
Max Control Distance	5 km
Max Flight Distance	5 km
Max Payload	3 kg

13 -INCH FPV DRONE

Max Speed	100 – 120 km/h
Max Takeoff Weight	6.0 – 8.8 kg
Endurance	10 – 15 minutes
Max Control Distance	10 – 20 km+
Max Flight Distance	10 km
Max Payload	3.5 – 6.0 kg

16-INCH FPV DRONE

Max Flight Speed	90 – 110 km/h
Max Takeoff Weight	12.0 – 16.0 kg
Endurance	12 – 18 minutes
Max Control Distance	15– 25 km
Max Flight Distance	12 – 15 km
Max Payload	6.5 – 9.0 kg

SPEAR-2A-7 (5-INCH)

Max Flight Speed	500+ km/h
Max Takeoff Weight	1.5 kg
Endurance	10-20 min
Max Control Distance	≥5km
Max Flight Distance	20 km
Battery	1700mAh 150C
Wheelbase	226mm
Dimensions (L×W×H)	292×292×348mm

SPEAR-2A-8 (8-INCH)

Max Flight Speed	500+ km/h
Max Takeoff Weight	3 kg
Endurance	10-20 min
Max Control Distance	≥5km
Max Flight Distance	20 km
Battery	1700mAh 150C
Max Payload	300g
Wheelbase	310mm
Dimensions (L×W×H)	420×420×430mm

SPEAR-2A-7 (7-INCH)

Max Speed	600 km/h
Instant Acceleration	0-200 km/h ≤ 2s
Endurance	3-5 min
Effective Interception	3-6km
Wind Resistance	Level 6
Operating Temperature	-10°C to +45°C
Empty Weight	1477g
Protection Level	IP53
Dimensions	540×364×364mm

SPEAR-2A-15 (15-INCH)

Max Flight Speed	400+ km/h
Max Takeoff Weight	4 kg
Endurance	≥40 min
Max Control Distance	≥5km
Max Flight Distance	40 km
Battery	1700mAh 150C ×2
Max Payload	800g
Wheelbase	550mm
Dimensions (L×W×H)	724×724×424mm
Max Flight Altitude	3000m
